

## About Us

Rubin Architects was established in 1979 and is located in Tel Aviv. Throughout its 38 years of operation, the firm has designed a wide variety of projects, ranging from urban construction plans, condominiums, commercial buildings and office towers to private homes and interior design.

We work closely with our customers, consultants and various design professionals. We consider ourselves to be part of a comprehensive design team that is committed to maximize the potential of each and every project, toward executing it at the highest level of planning and design. As a leading firm, we are committed to high standards, uncompromising professionalism, along with personal guidance, beginning with the initial stages of formulating the concept and until their execution.

You are welcomed to get impression of our work at:
